ESCAPE FROM THE CITY JAIL

Sometime last night, supposed to have been about daybreak, five men who did not care to impose on the hospitality of the city any longer, managed to wrench two bars out of a window of the city jail, and vamoosed. The bars of the windows are run through two cross pieces of

iron, and can be slid up and down. As it happened nothing is placed above the rods for several inches, this permits them to be slipped upward far enough to raise the lower end above the lower cross piece. Then it is an easy matter to bend the rods and slip them out.

Those escaping were Settler Lance, J. E. Edwards, Ivy Wright, Mack Adams and another whose name we were unable to secure.

Stove and Fuel Trade Brisk.

The ice man has changed his occupation now and gone to hauling coal. He has had a busy time of it today, too. Likewise the hardware men are having some interesting times with the stove and pipe business. Never saw such a rush. There is some scrambling after last winter's old clothes, overcoats and all. The rain last night was not heavy enough to put much water in the holes, but it has afforded a great relief from the dust. As little wind came with it cotton is not thought to have suffered much.

AUCTION SALE BEGINS TOMORROW

DAN HAYES ADDITION WILL BE THROWN ON MARKET—LOTS GO TO HIGHEST BIDDER—NOTHING HELD BACK.

YOUR LAST OPPORTUNITY

Free Conveyance to and From Sale. Free Barbecue and Band Music.

Opportunity knocks once at every man's door, and is now knocking at yours. Now is the last chance you will ever have to buy a good lot close in and at your own price. The auction sale of Dan Hayes addition tomorrow and Saturday will mark the end of opportunities to secure good residence property convenient to both the business section of the town and to the state normal. These lots will be sold to the highest bidders, no matter what the price may be. Only ten per cent down is required and the payments will be only five per cent a month of the purchase price. Think of it. What more could you ask?

Those who have lived in Ada know how desirable these lots are. Situated as they are along a gentle slope where the drainage is fine, just a few blocks from the business section and reaching right up to the state normal, these lots would have been sold long ago had the title not been disputed. This is settled now and the title is absolutely perfect and the lots will not last long when the citizens of Ada who want to build homes and the investing public once get a chance at them.

Real estate values in Ada have gone up by leaps and bounds, especially on the east side where most of the building of fine residences has been done during the past two or three years. It will go still higher for no town has a finer opportunity for growth than Ada. It has passed the crisis that comes to all towns, and now the last obstacle to its growth has been removed.

Mr. Richard Flood, owner of the Dan Hayes Addition, will provide free conveyances to and from the lots for all who attend the sale. Be on hand early and get first pick of these valuable lots.

Free barbecue and band music on the grounds.

LEHIGH BANK EMPLOYEE ARRESTED

SAYS HE APPROPRIATED \$3,500 OF BANK'S MONEY.

CASHIER DENIES SHORTAGE

Says it is All a Pipe Dream—Investigation May Follow.

New Orleans, Oct. 19.—A young man giving his name as A. J. Summerfield, walked into the office of the United States marshal here today and announced that he had robbed the Merchants National bank of Lehigh, Okla., of which he was cashier, of \$3,500. He declared that he could stand the strain of being a fugitive no longer. He stated that he went to Lehigh a few years ago from Charles City, Iowa, and that he left Lehigh on Oct. 2.

Theft Is Denied.

Lehigh, Okla., Oct. 19.—Glen M. Johnson, cashier of the Merchants National bank, tonight denied that A. J. Summerfield hypotheated \$3,500 or any other amount of funds belonging to the bank.

"Summerfield had no interest in the bank, being merely an employee, and when he left here the books showed no record of a shortage," said Johnson. "I think Summerfield has had one too many drinks and is giving the New Orleans authorities a pipe dream."

Summerfield was in charge of the Merchants National bank two months last summer during the absence of Cashier Johnson on his vacation. Upon the return of Johnson, Summerfield was discharged and he left the

city immediately. There was current rumor at that time that Summerfield had left the bank in the hole, but the officers of the bank stoutly denied it and the authorities made no effort to locate Summerfield.

Summerfield lived here about two years, coming to Oklahoma from Iowa. Before locating in Lehigh he was employed in banks in Lawton, Holdenville, Wapanucka and Tishomingo. He is an unmarried man of aristocratic habits and was frequently accused of living beyond his means. He occupied the position of assistant cashier of the Merchants National, but had no stock in the bank.

If Summerfield is returned to Oklahoma an investigation of the condition of the bank will likely be made, and the matter may be called to the attention of the state banking board.

Hold Cotton Picking Record.

Roff, Okla., Oct. 19.—Effie and Eva Miller of Roff hold the female cotton-picking championship record in Oklahoma, so far as reports have been made this year. One day this week they picked 700 pounds and didn't put in the entire day. They claim to be able to pick 1,000 pounds between suns.

A HOME INSTITUTION

THE AFFAIRS OF THIS BANK are in the hands of local men and are conducted with a view toward the development of the Commercial Interests of this country.

Every investment or loan passes the scrutiny of men acquainted with local conditions and to those engaged in legitimate enterprises we are prepared to extend the accommodations consistent with approved banking methods.

IS A HORSE A HORSE?

If you own a fine horse we know what you will say. If you ask us if soap is soap we will answer in the same manner. Soaps differ in every way as much as horses. TOILET SOAPS differ more than any other kind. Some are good; some bad; some indifferent. If you leave it to us we will sell you nothing but the Good Kind. The kind that will give satisfaction and will not chap or roughen the skin. We can recommend Wm. Rieger's Glycerine Soap as one of the best.

Wild cat companies are still busily
separating suckers from their mon-
ey. Mining stocks are still the fav-
orites, although we have yet to hear
of a purchaser of these stocks get-
ting one cent in return for their in-
vestment. Western lands and town
lots are on the decline just now on
account of the long drouth, but
Mexican rubber plantations, oil stocks
and patent rights are still active.
Many a man who dares not put a dol-
lar into a home enterprise that would
be certain to bring in a reasonable
return on the investment will risk
his last dollar in some of these fake
propositions that are fraudulent on
their very face. If they were cap-
able of bringing in the returns their
promoters claim for them, it would
not be necessary to peddle out the
shares. Conservative investors would
be only too anxious to take it up.
Take the patent right industry for
example. A patent right to certain
territory is usually worth no more
than a right to that much blue sky.
If the patents were worth a cent
the patentee would not part with a
county at any price. You could not
buy a county from the harvesting
machine people, the Edison electri-
cal concern or any others who hold
patents to things that are of real
value. There are always plenty of op-
portunities at home, especially in
Oklahoma. The only thing is to grab
them while they are at hand.

The present city council is com-
posed of some of the best business
men the town has. During their term
of office the greater part of the
public improvements have been made
and the city's affairs have had as
close attention as is possible for a
council to give. For the most part
the News has been well satisfied with
the present administration, although
on a few occasions we have had oc-
casion to disagree with the council
on some matters. However, the
terms of office of these men will
soon expire, and a sit means a sacri-
fice for any business man to serve
in the capacity of alderman, there
is no telling much about the future.
Hence, if the commission form of
government should be adopted by Ada
we know of no better time than the
present to make the change.

The trained animals in a circus
show a superiority over some men.
Reward for the proper performance
of the acts taught them and punish-
ment for disobedience are the ele-
ments of the training, but they fail
on some men. These seem incapable
of learning the two lessons and their
entire span of life is devoted to mak-
ing warfare on the laws of the land,
although it usually proves a losing
game.

Now that the circus has come and
gone the youngsters are puzzling
their brains over the question of
whether they will become clowns,
trapeze performers or leaders of a
brass band when they grow up.

No man ever made a success of his
life if he found his work a species
of drudgery and approached each task
as would a slave. He must see more
in it than the mere eking out of an
existence.

WELLMAN PARTY AT NEW YORK

New York, Oct. 19.—Walter Well-
man and members of his expedition
in the dirigible America rescued from
impending death at sea Tuesday be-
lieve that a voyage in an airship
across the Atlantic may yet be ac-
complished.

The Wellman party is aboard the
steamer Trent. A heavy fog held back
the Trent this morning. She will dock
this afternoon.

While the object of Wellman's trip
is not accomplished, he succeeded in
creating a new world's record for
dirigibles, being seventy-two hours
in the air and covering, according
to Wellman, a thousand miles over
rough seas. A message from the
Trent wireless operator this morn-
ing says:

"Crew of the America, after rest-
ing all night are feeling none the
worse for their thrilling experience.
From what I can learn from Irwin,
America's wireless operator, the most
exciting moment of the three days
after the launching of the America's
lifeboat.

"The Trent bore down at full speed
upon the small boat. Irwin declares
that for a moment it looked as if
she would cut her half in two.

"The Trent appeared to him to be
the size of the Singer building. The
Trent passed the lifeboat danger-
ously near, rocking her.

"A rope was thrown and caught
by the men who, however, could not
hold on owing to the rough seas.

"The ship was then brought close
enough to make fast the America's
boat by two ropes thrown from the
steamer.

"The crew of the America climbed
up a rope ladder and deach was cheer-
ed as he was helped over the rail.
So ended one of the most thrilling
and daring feats in the annals of the
sea."

Plans for Amalgamation.

Stillwater, Ok., Oct. 19.—A joint
committee from the Oklahoma and
Indian Territory jurisdictions of Odd
Fellows was appointed by the Ok-
lahoma grand lodge today to perfect
plans for the amalgamation of the
jurisdictions in Oklahoma City next
April. The personnel of the commit-
tee is as follows: Indian Territory,
Rev. J. B. McDonald of Muskogee, A.
F. Perkins and Judge I. R. Mason
of Ardmore, F. Lafayette of Checo-
tah and William Noble of McAlester,
H. L. Strough of Oklahoma City, G.
W. Bruce of Guthrie, J. L. Roberson
of Newkirk, W. H. Uritson of Beaver
and J. P. Woolsey of Oklahoma
City.

A parade of Odd Fellows and Re-
bekahs was the feature of the day.
The lines led to the Agricultural
and Mechanical college, where Pres-
ident Connell delivered an address.

Frisko Brakeman Fearfully Burned.
Henryetta, Okla., Oct. 19.—With
every part of his body a mass of
burns, a brakeman, Haswell by name,
of the Frisco, lies in the office of the
company physician in this city in
a precarious condition and little
hopes are held out for his recovery.
Haswell for some unaccountable rea-
son raised the lid of an oil tank in a
Frisco train. The accumulated gas
took fire from his lantern and he
was thrown into the ditch from the
explosion with his clothes on fire.
He will be taken to the company
hospital in Sherman, Texas, if he
can be moved.

County Examination.

The next quarterly teachers' exam-
ination for certificates will be held
at Ada Oct. 27th and 28th. Those who
are interested will please take no-
tice.

You Can Bake Better

The baking can be made with more certainty of good results;
it will be more uniformly raised—it will be lighter—it
will be tastier—it will be more wholesome, because the
materials in Calumet are so perfectly adapted to all baking
requirements and then so carefully proportioned that failures
are almost impossible.

Besides it is more economical than the trust brands—and so far
superior to the cheap and big-can kinds that a comparison cannot

No Cause for Jealousy.

A certain Main Line resident re-
turned home early the other morn-
ing. He inserted his key in the
keyhole of his door with difficulty,
but managed to crawl up stairs with-
out awakening his wife as thought.

At the breakfast table next morn-
ing one look at her reproachful face
told him he was wrong.

"I'm sorry I married you," she
exclaimed. "You're a brute. I saw
you on the corner hugging a lamp-
post at 2 o'clock this morning."

GOOD NEWS FOR DEMOCRATS

Tulsa, Okla., Oct. 19.—"We hail with pride the bold and fearless leader, the matchless statesman, the patriotic citizen, the loyal American, or honored and respected president, Theodore Roosevelt. He has unflinchingly met every issue in the open and firmly advocated the right. He is the relentless foe of greed and graft and the trusted friends of honest effort. He has given to combined capital and to organized labor alike a fair hearing and a square deal. He has compelled trusts and unlawful combinations to recognize organized government, observe the law and observe the courts. He has heralded the message of peace to warring nations and has prepared our country for war should any for-

THE PEOPLE ALL

Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. ADS. PEROXIDE CREAM

For those particular people who desire a beautiful complexion and who want to keep the skin at its best all the time—keep it clear, flexible, smooth and give it the glow of health—there is nothing as good as A. D. S. Peroxide Cream, because it contains a small quantity of Hydrogen Peroxide, the great anti-septic healing and cleansing agent. Its action upon a red, blotched, pimply, scaly, unsightly skin is very pronounced.

When used as a massage it has a tendency to eradicate wrinkles and to nourish the tissues. It is a mild bleach—perfectly harmless and will not grow hair.

This is one of the leading preparations made by the American Druggists Syndicate, which is composed of 12,000 responsible druggists, and it is but one of the famous A. D. S. Peroxide Family.

The others—equally as good, equally as beneficial and just as popular—are A. D. S. Peroxide Tooth Powder, which whitens, cleanses and preserves the teeth; A. D. S. Peroxide Tooth Paste for the same purpose, put up in a different form; A. D. S. Peroxide Soap, a very superior soap because it cleanses as well as cleanses; A. D. S. Peroxide Foot Powder, for tired, aching, burning feet, and last, but by no means of least importance, is A. D. S. Peroxide of Hydrogen, the great disinfectant and germicide now being used in so many homes.

All of these A. D. S. preparations can be obtained at any A. D. S. drug store.

sign power care to insult our flag or impose upon any American citizen. By his dauntless vigilance and splendid diplomacy our nation has been made to take a higher place among the nations of the world, while by his purity of purpose and nobility of character, our citizenship has attained a higher standard of excellence, charging that it "trampled on the cherished rights of local self-government." It denounced many of the great principles that Roosevelt advocates today.

The platform was made for Frank Frantz, a Roosevelt Rough Rider, and it was of necessity extremely complimentary of the Rough Rider president. The Rough Riders were in ascendancy in Oklahoma in those days. They were the days before the advent of "To Hell With Roosevelt!" Jim Harris and cynosure unconditional republican club at Guthrie.

Since Roosevelt is the big factor in New York, doesn't stand for the Payne-Aldrich tariff as a whole, and positively refuses to declare that he will not be a candidate for the presidency in 1912, it is interesting to note that the republican state platform of 1910; adopted by the ring at Guthrie and for the purpose of having J. B. Ferguson run upon it, declares that "we endorse the record of the present congress, and believe with President Taft, that the Payne tariff is the best tariff law ever enacted because it reduces the tax on necessities and increases it on luxuries.

The Republican Record.

Paragraph four of the Tulsa platform says: "The true test of a party's worth is its record, not its promise, but performance; not pledges, but deeds." Then in paragraph eight is this sentence: "In the event that this partisan constitution shall become the fundamental law of the state we pledge the republican party of the state to use every means at our command to secure the speedy elimination of its objectionable features and make it conform to the needs and requirements of the people and the interests of the state."

Not an effort has been made by the republicans in three years to amend the constitution. The promises of 1907 are dead letters. On the contrary the republican party's nominee for governor has gone his limit to and the railroads in their effort to defeat the two-cent passenger fare provision of the constitution (a provision that the 1910 platform endorses) and the freight rate orders of the constitution, whereas, the 1907 platform pledges that "the republican party will protect the people against trusts and unlawful combinations in restraint of trade." In the next paragraph the 1907 platform says: "With no reckless hostility to corporate interests, we favor the enactment and enforcement of such legislation as will compel all railway, express and transportation companies doing business within the state at such reasonable rates as will be just to the shipper and at the same time provide a fair return upon the actual investment of capital in such company. We demand that the man who pays the freight in Oklahoma shall be put on an equal footing with the same class of persons in other states."

The demand contained in the last statement has been carried out to a tolerably exact degree. For instance the act of McNeal in signing appeal bonds for the railroads has placed Oklahoma citizenship on the "same footing" with the people of Kansas, where, as Governor Stubbs has pointed out, the railroads are charging exorbitant freight rates and where they pay 25 to 100 per cent more than in Missouri when the cost of operation is more than in Kansas. That platform pledge has been kept to the letter.

The Slander of McNeal's.

Paragraph fourteen of the 1907 platform says that "the producers and consumers of shipped products in the twin territories have for years been compelled to pay exorbitant transportation charges, and have been furnishing the funds for dividends to corporation stock holders, while supplies with inadequate and inferior facilities. With the coming of statehood we demand a square deal. "The term" territories as used here is a misnomer in the eyes of Joe McNeal, the republican candidate for governor, for the last antestakehold fight he declared that the Indian Territory has but two roads, one leading to ignorance and the other to crime." He never made such a statement about Oklahoma Territory.

Paragraph fourteen is an open confession of the republican party in Oklahoma that the republican party in the nation had not given the square deal to citizens of the territories. The only square deal the republicans of the territories ever got was in the matter of federal jobs—the people be damned. Yet in para-

graph thirteen the statement is made that the republican party is the anti-trust party. All legislation in the national congress for the regulation and control of trusts and combined operating in restraint of trade or commerce has been enacted by the republican party."

That Awful Constitution.

In paragraph six of the 1907 platform the republicans gave their opinion of the constitution. "It denies to each citizen equal rights under the law with other citizens," they say; "deprive the minority with their just proportion of representation; unfairly discriminates in favor of one locality against another; increases the burden of taxation without compensating benefits; discourages industrial and commercial development; lessens the demand for labor and decreases wages; antagonizes capital and depreciates investments; repudiates public obligations and destroys public credit, and has already brought a blight on the fair name of the proposed state."

Facts and Figures.

The fallacy of that plank of the platform is shown by the facts; Oklahoma bank deposits December 11, 1907, were \$55,000,000; on June 30, 1910, they were \$85,000,000. In 1907 factory investments in Oklahoma were \$16,000,000. In 1910 they were \$52,000,000. "The growth of Oklahoma City in wealth and population in the last three years has never been equalled in its volume and substantial character by any other city of the union," says the Oklahoma City Times. "The city of Tulsa has outgrown any other record in the union," says the Tulsa World. "Muskego's population has almost doubled in three years and the business of our city has grown to an unparalleled extent," says the Muskego Phoenix. The population of Oklahoma has increased over 300,000 in three years and the population of Oklahoma City has more than doubled.

The 1907 platform closes with this significant paragraph: "With full appreciation of past achievements of the republican party so ably performed, our present organization and leadership pre-eminent, we submit the above declaration of our future usefulness and work, and go before the people pledged to their performance and invite the co-operation of all good citizens, regardless of past political affiliations."

Perhaps the most useless political thing in Oklahoma during the past three years has been the republican party. Its work consisted in procuring a federal job for Joe Harris, the state chairman that preceded Harris; procuring for former Chairman Chas. Hunter a place as clerk of a federal court, securing for Judge Cy Reed of El Reno a judgeship in Alaska at which he failed to make good; permitting Joe McNeal, who fought the constitution, to aid the railroads in declaring certain parts of it unconstitutional, and having republican members of the legislature oppose practically every good law proposed.

"Blight on Fair Name."

The "blight on the fair name" of the state has been made by a corporation-controlled press, as pointed out recently by United States Senator Owen. In the eyes of that press nothing good can happen in Oklahoma under democratic rule. In conformity with the policy of the corporation-controlled press, the republican platform of 1910 pledges the party to "redeem this taste from the abyss of degradation to which the democratic party has taken us." Governor Haskell has never been given credit for entertaining an honest thought and the legislatures have been charged with bias and prejudice to detriment of the state's welfare. Northern and Eastern republican papers have nourished the merest hints of bad legislation and cried "freak legislation" every time a timely and commendable measure proposing regulation of corporations has been submitted. Yet eastern investors have placed millions of dollars in loans in the state and it has grown rich and powerful under a democratic administration.

SERMONS ON THE DEVIL.

Series to Begin Sunday Evening at Christian Church.

At the Christian church Sunday evening the pastor, Leroy M. Anderson will begin a series of sermons on the devil. The purpose will be to show the cunning and deceptiveness of this seductive fellow. The young people are especially invited to attend these meetings.

The subjects and date will be as follows:

"The Devil's Ruse," Sunday evening, Oct. 23.

"The Devil's Wages," Sunday evening, Oct. 30.

"The Devil in Arms," Sunday evening, Nov. 6.

REGISTRATION BOOKS WILL BE OPEN NEXT WEEK

The registration books of all cities of the first class will be opened next week and all who did not register before the primary may have the opportunity at this time if they desire to vote at the November election.

The registration will be under Section 27, Article 8, of the general election law which reads as follows:

"During the last week of the month of October preceding the general election to be held in November, as provided for by this Act, the inspectors of election shall open and keep open the registration books in their possession in the same manner as required of them during the month of July, for the registration of the electors of their respective precincts, who from any cause shall have become legal voters in such precincts since and subsequent to said August election, or who will be entitled to vote at said general election in November."

More Indians Arrive.

Dr. J. M. Hicks, John R. Emley and William R. Steman of Hinton, Ind., friends of the cement men and associates of Messrs. Rosenbrough and Hall, who have been here several days, arrived this morning.

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleansed by a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamaw, N. C. "It was all full of pimple sand scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25 cent bottle will give you positive proof of the wonderful effectiveness of this great remedy, Ramsey Drug Company.

REPUBLICAN SPEAKING THIS AFTERNOON

On account of attending the funeral of Senator Dooliver, Congressman Scott was unable to fill his speaking date here this afternoon. His place was taken by B. M. Parmenter of Lawton, who is addressing an audience composed mainly of the local members of the republican party. As the speaking began late we are unable to give any account of his speech in this issue. Mr. Parmenter was accompanied by S. A. Hawk of McAlester, who was census supervisor of the fourth district.

PEOPLE NOT INFORMED

SAYS D. W. SHILLING
D. W. Shilling, who has been making prohibition speeches in the southern part of the county since Sunday says that he finds that the people are not well informed as to the nature of the proposed amendment, but after they receive enlightenment they are against it.

The citizens of Francis he found were apparently the most anxious to learn of the amendment. Furthermore he reports that they desire a justice of the peace in that town so that they would not be forced to go to Stonewall on petty cases and should have one.

Made Him Dance.

Deputy Sheriff Bob Duncan came in today with J. R. Chandler of Francis, who was charged with causing one of his cotton pickers a little uneasiness of mind Sunday. It is said that Mr. Chandler was feeling a trifle exhilarated from the effects of "tea" requested the man to give an exhibition of fancy dancing, enforcing his request with a few shots near his feet. He readily made bond today and was released.

Arrested for Disturbing Peace.

Yesterday on the show grounds, Lowery Lea ran across Pete Neal, who was wanted on a charge of disturbing the peace, and took him in tow. Neal was released on a bond of \$300. It is said that last Sunday he rode into the residence of Wm. McDaniel northwest of town. Officers have had an eye out for him ever since.

Good Record for Fourth District Men.

S. A. Hawk of McAlester, supervisor of the census for the Fourth district of Oklahoma stated this afternoon that the department at Washington had complimented the Fourth district as being one of the best and most accurately taken of any. The reports of most of the enumerators were in excellent shape.

Will Speak at North Ada Church.

We are requested to announce that W. B. Toney will deliver an address on prohibition tomorrow evening at the North Ada Baptist church.

Wrecker Theory Abandoned.

Sapulpa, Okla., Oct. 19.—It now appears that the obstruction placed upon the Frisco track at a point east of Kelleyville a few nights ago was not the result of evil intent, but rather carelessness. That is the belief of Frisco officials who have investigated the case.

At the point where the water train crashed into a rail that was found cross wise of the track section men had placed a few rails along the side of the right of way which was at a crossing. It appears that a farmer driving across the track on the evening of the wreck struck one of the rails which was thrown across the track.

The Oklahoma-Missouri Game.

Governor Chas. N. Haskell of Oklahoma and Governor Herbert S. Hadley of Missouri have been extended invitations to attend the Missouri-Oklahoma football game which is to be played at Joplin, Mo., the 28th of the present month. The affair is attracting great attention in all sections of the two states and it is now certain that a monster crowd will take advantage of the cheap excursion rates and witness the big gridiron struggle for supremacy in southwestern football circles. A big fraternity reunion in which the Greek letter men of Oklahoma, Missouri and Kansas will participate and a meeting of the boards of the two universities will add to the interest of the occasion.

Oklahoma has one of the fastest teams in the southwest and the student body is wildly enthusiastic over its prospects for defeating Kansas, Missouri and Texas this year. A movement is on to take the university band and a big crowd of rooters to the Joplin game and it is likely that special cars will be run from Oklahoma City to Joplin over the Frisco to accommodate the supporters of the Oklahoma gridiron warriors.

A Busy Day for Police Force.

It is not hard to understand why good order prevailed yesterday when it is stated that the police force ran in seventeen. Every fellow who tried get gay was simply put out of business before he went very far. The city treasury is very flush today as a result of the activity of the police.
